

Order: 243030

***Dear Customer,** thank you for your order. Please refer below technical queries observed during pre-production work on your supplied files. Request you to go through all below exceptions and confirm back your point wise replies in this same file to maintain the proper record.*

Problem description 1:

As per gerber data we have found one carbon type pad in top side but in order detail its option is not selected as shown in below screen dump picture.

Solder mask color bottom	Red
Legend top	White
Legend bottom	White
Surface finish	HAL (Sn-Pb)
Via-fill	No
Peel-off	No Peel Off
Carbon contacts	No Carbon Contacts
Edge connector	0.00
Edge connector gold thickness	0.00 µm
Blind & buried via	No
Impedance control	No

Implemented solution:

We have continued order as it is as per gerber data without carbon contact.

To continue the order after you have reviewed the issues, you have two options:

1. Click on the "**Approve**" button to accept the proposed solution(s).
2. Click on the "**Not Approve**" button to reject the proposed solution(s).
